PROFILE INFO

Aspiring data scientist pursuing a Bachelor's degree in Information Technology with a specialization in Data Science at SLIIT. Equipped with a strong foundation in data analysis, machine learning, and statistical modeling, with practical experience in Python and R. Passionate about the role of data in driving insights and innovations to solve complex problems, uncover patterns, and develop predictive models. Eager to apply technical skills to optimize business processes and contribute to impactful, real-world projects. Always open to new learning opportunities and actively seeking to connect with data science professionals for collaboration and mentorship.
